

THE TPO & SEAPOST SOCIETY AUCTION

To open on 15th September and close on 15th October 2019

Well, here we are again – a 'revived auction' listing of approx. 200 items for the Society. Our grateful thanks must go to Mike Dovey who ran the auction very successfully for many years giving us all the chance to add items to our collections as well as putting some finances back into the day to day running of the Society. I very much hope everyone can find at least something of interest in this list which certainly has some quality to it. Most of the items have been entered by members of the Committee and 2 others in order to kickstart the auction back into life and, grateful as I am for their input, it requires the membership to support it by using it as a convenient marketplace for their duplicates and unwanted items. Can YOU offer anything for the future?

As stated in the Spring issue of the journal we are trying to improve the quality of material by limiting reserves to a lowest estimate of £5 and to try to discourage the inclusion of more modern philatelic TPO examples unless their scarcity indicates otherwise. Many, many items in this category can be found on various internet auction sites but are so common that most do not sell or sell at very low prices. Good luck with your bids and thank you in anticipation of your support.

Please remember a 12½% fee will be added to winning bids which will go towards the running costs for the Society and postage will also need to be added. Scans of items are available to those who require them but PLEASE limit the number to no more than 3-4 to save time and effort. Bids can be sent by email or by post to the auctioneer (addresses in the Journal) but please note the opening and closing dates shown above. Auction rules have been publicised in previous journals.

RAILWAY

- 1 GB stat card from Glasgow to Constantinople with blue ORIENT – EXPRESS and BRITISH POST OFFICE / B / JY 30 / 10 / CONSTANTINOPLE. Res £20
