TPO Society Auction Summer 2024

Auction closes on the 15th July 2024

Welcome to another offering in the TPO & Seapost Society Auction which contains a good selection of both aspects of interest. In particular there is a good selection of 20th century items from Czechoslovakia of which I have little, or more accurately, no knowledge whatsoever, so ask your forbearance for any inadvertent mistakes in the descriptions. Please ask for scans if unsure. There is also an increased selection of seapost material which has much of interest. Best wishes and good luck with your bids.
