

# The TPO & Seapost Society Auction

## To open on the 15<sup>th</sup> December & close on the 15<sup>th</sup> January, 2018

So, this is it, the end of the line. (For the TPO followers). The ship sailing into the sunset (which should cover the Seaposters). After 20 plus years there is little lead left in the pencil and the highlighters are dimming by the day which means that my tenure as the Hon. Auctioneer once this auction is done will be over and for those who wish to chase me with letters etc I will be moving house just to get away from the thronging crowds. However, for anyone wishing to make a donation for the paint and brushes I can leave a forwarding address. It is a sad reflection that many of the members I have had dealings with are no longer with us but to those of you who are still standing may I thank you all sincerely for all the help and support that has been shown to the Society Auction over these past 20+ years, I am merely the custodian of the position and I have had a great time holding such a position – I will be sorry to leave. All the very best to one and all and enjoy what is a cracking auction to end with, it is the biggest yet and maybe even the best, a great note to leave on.
