### The 2020 ADDENDA

**Mike Dovey**

In the beginning there were four issues of the paquebot book, the last one being published in 2010 and since then there have been a number of new additions to be made to the listings. Alas with all of the new information all this could not be added to the last book as the size was just not a viable proposition and so we have a new publication as shown. At 130+ pages it is packed with all the new information in the same format as the last book plus a section on Central America Transit marks, a section on USA Seaposts to supplement the last USA Seaposts book, and a full list of all the date extensions.

**The book retails at £26.95 plus £3.80 p+p in the UK however for any Society member who would like a copy then if you post a cheque for £26.95 with this advert to the address below, we will send it post free (For members outside the UK there will be a very small charge).**

With all this lockdown and being stuck indoors what better way to stare out of the window than with the Addenda on your knee – a perfect companion.

All cheques made payable to M. DOVEY at 4, HANBURY ROAD, DORRIDGE, SOLIHULL, WEST MIDLANDS, B93 8DW. (For overseas members please ask about how to pay either by cash or PayPal. My email address is [mikedovey@btinternet.com](mailto:mikedovey@btinternet.com) ).

## Paquebot Cancellations of the World and more...

By Mike Dovey & Keith Morris

### **For those who have not got a copy of the 2010 paquebot book.**

The 2010 edition of the Paquebot book, written by Keith Morris and Mike Dovey, has been out of print for some time now and because of the demand for the book it was decided to issue a DVD exactly as the original book was printed. It is available at the above email address for £25 plus £2 for p+p.

Should anyone want both items then the price falls to £50 with free postage and packing.
